

*Outdoor Recreation Legacy Partnership Program*

**Project Timeline** – (1-page limit)

*To assist applicants in ensuring that required information is included, a suggested format for the Project Timeline is included under “Applicant Resources” at [www.gadnr.org/URLPP](http://www.gadnr.org/URLPP).*

The timeline must clearly show all tasks necessary to complete the proposed work including dates for discrete benchmarks of significant work elements. The timeline must include the date that park/resource will be open to the public.
