**Supplemental Elements**

**Letters of support:** These are not required but may be helpful in terms of substantiating public support for the project, evidence of partnerships, etc. To ensure such letters are considered by the merit panel, *submit them with the application*.

Letters sent separately to the NPS are discouraged because they are unlikely to be received in time. Letters arriving after the pre-application deadline will not be provided to the panel.

**Photos:** These are not required but may be helpful to provide context such as current site conditions, the surrounding environment, etc.
