Job Description

Full-Time Seasonal State Parks Resource Crew Field Coordinator

This position would be available from December – May of each calendar year. Pay is \$14.00/hr. The field coordinator on the resource crew will assist the Northern and Southern Resource Managers with logistics involving prescribe fire, fire line prep, exotic plant removal, possibly assisting in habitat enhancement projects (building fish attractors, planting native plants, collection of native plant seed), trail maintenance, and storm clean-up. Duties would include equipment inventory, keeping vehicle and fuel logs as well as buying small equipment fuel, setting up overnight accommodations at various parks depending on projects, assisting with payroll/time sheets, work schedules, acting as a liaison between the Northern and Southern Resource Managers and the resource crew.

Training – Training would include S130, I190 basic wildland firefighter training, ATV training, and Chainsaw Training. On the job training will include plant and animal identification, herbicides and exotic plants, and fire line preparation.

Requirements - A completed college degree is not required. Areas of study that would be most appropriate include, Environmental Sciences, Natural Resources, Biology/Ecology, Plant Biology, or another related field. Previous experience in a related field is also desirable. Experience in GIS, QGIS, Small Engine Repair or mechanical/carpentry may also be valuable to this position. Applicants must have strong communication skills and be able to work independently and have a passion for the outdoors. Applicants also must be able to pass a work capacity test (walking 2 miles in 30 minutes with 25 lbs., or 3 miles in 45 minutes with 45 lbs.)
