**EQUESTRIAN TRAILS**

**Dog Creek Inner Loop**
- Easy - Natural surface - About 0.7 miles
- This is a mixed-use trail for both hikers & equestrians (no bicycles permitted). 
- No bridges. Junctions with Dog Creek Outer Loop (an external perimeter).

**Dog Creek Outer Loop**
- Easy - Natural surface - About 1.2 miles
- This is a mixed-use trail for both hikers & equestrians (no bicycles permitted). 
- Observe proper etiquette. Blazing: Purple rectangle. 
- Gentle slopes. No bridges. Junctions with Dog Creek Inner Loop (an external perimeter).

**Equestrian Connector #1**
- Easy - Natural surface - About 0.6 miles
- Blazing: Blue diamond. 
- Gentle slopes with some elevation changes. 
- Two bridges (B1 & B2). 
- Connects Equestrian Loop #1 & Equestrian Connector #2. 
- Juncions with Dog Creek Inner Loop, Equestrian Loop #1, 
- Equestrian Loop #2, & Equestrian Loop #3.

**Equestrian Connector #2**
- Easy - Natural surface - About 0.8 miles
- Blazing: White diamond. 
- Moderate slopes on occasion. 
- Climbs to a ridge & back down. 
- Connects Equestrian Loop #2 to Dog Creek Outer Loop (which is a mixed-use trail). 
- Includes one bridge (B6).

**Equestrian Connector #3**
- Easy - Natural surface - About 0.7 miles
- No bridges. Serves as a "short-cut" from one side of Equestrian Loop #2 to the opposite site.

**Equestrian Loop #1**
- Easy - Natural surface - About 0.9 miles
- Blazing: Yellow diamond. One bridge (B1). 
- Access to North Browning Bridge Road. 
- Junctions with Equestrian Spur #1 to Dog Creek Outer Loop (which is a mixed-use trail).

**Equestrian Loop #2**
- Easy - Natural surface - About 2 miles
- One bridge (B8). 
- Junctions with Equestrian Connector #2, Equestrian Connector #3, an unnamed connector, 
- Equestrian Loop #3, Equestrian Loop #4 & Dog Creek Outer Loop (which is a mixed-use trail).

**Equestrian Loop #3**
- Moderate to strenuous - Natural surface - About 2.8 miles
- Blazing: Orange diamond. 
- No bridges. Includes a couple short spur & two scenic overlooks of the lake. 
- Junctions with Equestrian Loop #2 & Equestrian Loop #4.

**Equestrian Loop #4**
- Easy to moderate - Natural surface - About 1.6 miles
- Blazing: Pink diamond. Two bridges (B8 & B9). 
- Junctions with Equestrian Loop #2, Equestrian Loop #3, 
- & Dog Creek Outer Loop. 
- Includes a "short-cut", bypassing a loop along the northern peninsula.

**Equestrian Spur #1**
- Easy - Natural surface - About 0.7 miles
- Blazing: Blue diamond. Gentle slopes. 
- No bridges. Connects the parking lot to both Equestrian Loop #1 & Equestrian Connector #1 (also blazed in blue diamonds).

**LONG HIKING TRAILS**

**Dog Creek Inner Loop**
- Easy - Natural surface - About 0.7 miles
- This is a mixed-use trail for both hikers & equestrians (no bicycles permitted). 
- Observe proper etiquette. Blazing: Purple rectangle. 
- Gentle slopes. No bridges. Junctions with Dog Creek Outer Loop (an external perimeter).

**Dog Creek Outer Loop**
- Easy - Natural surface - About 1.2 miles
- This is a mixed-use trail for both hikers & equestrians (no bicycles permitted). 
- Observe proper etiquette. Blazing: Purple rectangle. 
- Two bridges (B4 & B5). 
- Junctions with Dog Creek Inner Loop & the following trail, which are for riders only. 
- Equestrian Connector #1, 
- Equestrian Loop #2, & Equestrian Loop #3.

**Hiking Connector #1**
- Easy - Natural surface - About 0.8 miles
- This trail crosses North Browning Bridge Road. 
- Use caution. Blazing: Green rectangle. 
- No bridges. 
- Connects the parking lot to 
- Hiking Connector #1 & Hiking Loop #1.

**Hiking Connector #2**
- Easy - Natural surface - About 0.5 miles
- Trail crosses North Browning Bridge Road. 
- Use caution. Blazing: Dark-red rectangle. 
- No bridges. 
- Connects Tempoe Cove Trail to 
- Hiking Connector #1 & Hiking Loop #1.

**Hiking Loop #1**
- Easy to moderate - Natural surface - About 1.3 miles
- Blazing: Yellow rectangles. 
- Two bridges (B11 & B12). 
- Junctions with 
- Hiking Connector #1, 
- Hiking Connector #2, 
- Hiking Loop #2, 
- & Hiking Loop #3.

**Hiking Loop #2**
- Easy to moderate - Natural surface - About 1.7 miles
- Blazing: White rectangles. 
- Three bridges (B13 & B14). 
- Junctions with 
- Hiking Loop #1, 
- Hiking Loop #3, 
- & Hiking Loop #4.

**Hiking Loop #3**
- Moderately strenuous - Natural surface - About 1.5 miles
- Blazing: Lavender or pink rectangles. 
- One bridge (B11). 
- Includes views of the lake. 
- Junctions with Hiking Loop #1 & Hiking Loop #2.

**Hiking Loop #4**
- Moderately strenuous - Natural surface - About 1.9 miles
- Blazing: Blue rectangles. 
- Four bridges (B14, B15, B16, & B17). 
- Junctions with 
- Hiking Loop #3 
- & the Whale Tail Spur. 
- Includes views of the lake.

**Whale Tail Spur (Hiking)**
- Moderate - Natural surface - About 1.2 miles
- Blazing: Silver rectangles. 
- Two bridges (B17 & B18). 
- Junctions with 
- Hiking Loop #4. 
- Views of the lake. 
- Access to a paddle boat ramp.

**SHORT HIKING TRAILS**

**Huckleberry Loop (Hiking)**
- Easy - Natural surface - About 0.73 miles
- Blazing: White rectangle. 
- Parking available at the upper end of the North Boat Ramp (farthest from the water). 
- The Huckleberry Trail begins as a spur, then decides to form a loop. 
- You may hike in either direction for views of the lake. 
- Return back to the spot for views of the Beach Cove. 
- The trail is named after the native Georgia huckleberries, which are related to blueberries.

**Parallel Trail (Hiking)**
- Easy - Paved (ADA-accessible) - About 0.13 miles
- Blazing: Purple rectangle. 
- Connects Tempoe Cove Trail to 
- Huckleberry Trail & Woodland Loop. 
- Access to many important amenities (e.g., bathrooms, playgrounds, parking, etc.).

**OOD CREEK PADDLE TRAIL**
- Easy - Paved (ADA-accessible) - About 0.13 miles
- Take a leisurely float around the cove from the kayak dock at the boat ramp. 
- Explore the western part of the cove seaward of the bluffs in shaded areas.

**WOODLAND LOOP (Hiking)**
- Easy - Natural surface - About 1 mile
- ADA-accessible & open to bicycles & strollers. 
- Blazing: Green rectangle. 
- Parking near the Beach/Picnic Area. 
- Junctions with Parallel Trail & Dog Creek trail (which are mixed-use). 
- Access to "walk-in" campsites. 
- Signs will warn of the only steep grade on this route.

**TERRAIN COVE (Hiking)**
- Easy - Natural surface - About 1 mile
- Blazing: Red rectangle. 
- Junctions with Parallel Trail, Overlook Trail, & Hiking Connector #3. 
- Provides access to the beach, visitor center, 
- RV-campground & cottages. 
- A single-track trail, designed for foot-traffic only. 
- Day-use parking near the beach area or visitor center. 
- The name derived from an old Appalachian term for turtle.

**OVERLOOK TRAIL (Hiking)**
- Easy - Paved (ADA-accessible) - Only a couple hundred yards long
- Blazing: White rectangle. 
- Scenic overlook of a fern-laced creek & hardwood bottom land. 
- Parking available at the visitor center. 
- It also has steps located along the way. 
- Beyond the paved portion, a set of rock steps connects to Tempoe Trail Cove.

**PADDLE TRAILS**

**Lost Cove Paddle Trail**
- Smooth water - About 2 miles
- Cross the main channel of the Chattahoochee into a larger cove & explore another tributary of the mighty river.

**Whale Tail Paddle Trail**
- Smooth current after heavy rains - About 2 miles
- Traverse across more open water as your travel downstream (no current) toward the park's largest cove, the Whale Tail. 
- Stay in the main channel center for full fun, or explore the shallows for more plants & wildlife.
